CALL FOR APPLICATION - ER2FOOD Innovation Support Program

Open to Egyptian startups providing innovative solutions to enhance energy and resource efficiency in the bakery sector

Tailored mentoring and grants up to 8,500 euros

North South Consultants Exchange (NSCE), in cooperation with its Italian partners Tecnoalimenti Consortile (TCA) & RINA Consulting, announces the opening of a call for applications to the ER2FOOD innovation support program.

The call is open to Egyptian startups providing innovative solutions to enhance energy and resource efficiency in the bakery sector. The program is implemented under the ER2FOOD project, “Energy and Resource Efficiency Towards Food Sustainability”, funded by the European Union.

Don't miss out on this unique opportunity to grow your business and contribute to the green transformation of the Egyptian food sector.
